

Dear Parents:

Subject: House 4 coaches and go to camp for FREE!

For Basketball Jones Hoop Camps to be successful it is about the coaching staff. To get the most experienced and knowledgeable staff possible, our company brings in teachers from all over the United States. To be able to bring top-notch teachers of the game to your community, housing is paramount. If you are capable of housing 4 coaches comfortably (beds, linens, towels for showers, in addition an understanding that most of our coaches are in college and that means a high energy level to your house for that week) your child goes to camp for FREE. The coaches will need a place to stay from Sunday night through Friday morning. Feeding our coaches is NOT a part of the deal. However, our coaches will accept meals if you want to include them. That is optional.

Besides your child going to Basketball Camp for FREE, there is also the personal connection that comes along with housing our coaches. Your child has a more personal relationship with the coaching staff.

If you are interested in housing our coaches please email us at gene.cotter@gmail.com. Tell us what camp location you are interested in. This is a limited offer and expires when our coaching staff is fully lodged.

For the past 10 years our coaching staff has stayed with families of the campers and it really has been a positive experience for all. We want to thank all of the families in the past who have housed our coaches.

Thank you!

Gene Cotter
